**TRANSMITTAL OF INFORMATION DISCLOSURE STATEMENTS AND PTO-1449
FORMS FROM PARENT APPLICATION**

Honorable Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This Transmittal of Information Disclosure Statements and PTO-1449 Forms from Parent Application is being filed in response to a notification in the Office Action mailed for the above-identified patent application on September 28, 2005. The Examiner indicated that the PTO-1449 form submitted in the Information Disclosure Statement was lacking.

The Information Disclosure Statement that had been submitted on April 5, 2002 in the above-identified patent application contained copies of the Information Disclosure Statements that had been filed in the parent application, Application Serial No. 09/494,190, which has now issued as U.S. Patent No. 6,610,512, to which the above-identified patent application is related as continuation-in-part. The Information Disclosure Statement submitted April 5, 2002 also contained copies of the Information Disclosure Statements that had been filed in Application Serial No. 09/173,941, to which the above-identified patent

application is also related as continuation-in-part. Application Serial No. 09/173,941 issued as U.S. Patent No. 6,140,081.

The undersigned therefore submits copies of those previous Information Disclosure Statements together with the PTO Form 1449's with which they are associated. These Information Disclosure Statements include:

- (1) an Information Disclosure Statement submitted in Application Serial No. 09/173,941 dated May 12, 2000 with 67 references;
- (2) a Supplemental Information Disclosure Statement submitted in Application Serial No. 09/173,941 dated June 22, 2000 with 4 references;
- (3) an Information Disclosure Statement submitted in Application Serial No. 09/494,190 dated April 20, 2000 with 21 references;
- (4) a Supplemental Information Disclosure Statement submitted in Application Serial No. 09/494,190 dated June 22, 2000 with 4 references; and
- (5) a Supplemental Information Disclosure Statement submitted in Application Serial No. 09/494,190 dated April 4, 2002 with 2 references.

It is not required to submit copies of the references cited in these Information Disclosure Statements pursuant to 37 C.F.R. § 1.98(d), because they were previously submitted in Application Serial No. 09/494,190 or Application Serial No. 09/173,941, which applications were relied upon for an earlier filing date under 35 U.S.C. § 120, and because the earlier Information Disclosure Statements submitted in Application Serial No. 09/494,190 and in Application Serial No. 09/173,941 complied with paragraphs (a)-(c) of 37 C.F.R. § 1.98. Therefore, the requirements of 37 C.F.R. § 1.98(d)(1) and § 1.98(d)(2) are met.

Please note that according to the postcard stamped by the United States Patent and Trademark Office, these documents have already been submitted to the USPTO. A copy of the postcard is included herewith for convenience.

For the sake of completeness, a Supplemental Information Disclosure Statement dated October 1, 2002 in Application Serial No. 09/807,665, the currently pending application is included together with the accompanying PTO Form 1449, showing 1 reference. This document has also already been submitted to the USPTO, and a copy of the postcard is included herewith for convenience.

Accordingly, entry of these documents into the record is respectfully requested.

If any issues remain, the Examiner is respectfully requested to telephone the undersigned at (858) 450-0099.

Respectfully submitted,

Date:
